# A guide to new restaurants opening in Greater Boston in 2025

This updating guide includes restaurants that have opened or plan to open in Greater Boston in 2025.

It's been a busy year already for Greater Boston restaurant openings, with 2025 welcoming a slate of new restaurants every month, and there are still plenty to come.

Boston.com keeps track of those openings — past, present, and future — in our frequently updated opening guide.

Some exciting **restaurant openings** that were slated for 2024, like Fallow Kin, got pushed to 2025, as is typical in the business due to construction and equipment delays. There are a few spots changing their concepts or renovating, like Cambridge's Brick & Mortar that will soon become Acqua & Bocca.

But there are also other new developments slated for 2025. Cloud Candy IPA's home, Mighty Squirrel Brewing, is opening yet another space up to try their beers in Watertown. Greater Boston will also see not one, but two Daily Provision locations open their doors this year.

We try to update our guide as frequently as possible — at least monthly — to show which restaurants are open now, and which restaurants are still to come.

In the restaurant business, openings get delayed frequently. We'll also do our best to update opening dates as we receive the information.
